ecofloat

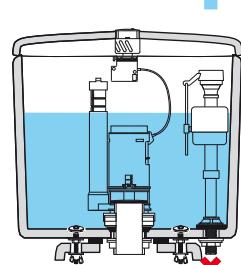

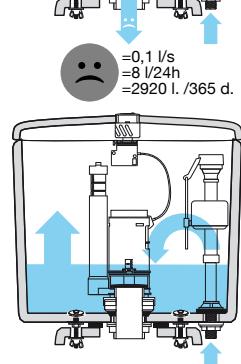

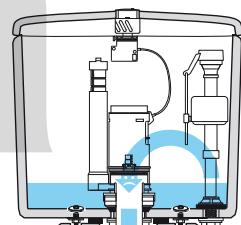

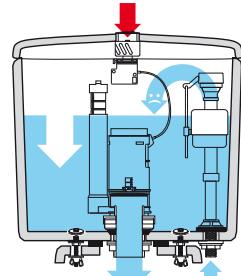

2920 l./365 d.*

ahorro de agua · water saving économie d'eau · poupança de água risparmio d'acqua · wasserersparnis

standard

* cálculo realizado en laboratorio a partir de 16 usos/día (4x4pers.) y ahorro de 0,1l/s x 5s / llenado de cisterna.

* calculation made in laboratory starting from 16 flushes/day (4x4pers.) and water saving 0,1l/s x 5s / cistern filling up.

* calcul réalisé en laboratoire en partant de 16 usages/jour (4x4 pers.) et une économie de 0,1l/s x 5s / chasse d'eau remplie.

* calculado em laboratório a partir de 16 utilizações/dia (4x4pers.) e poupança de 0,1l/s x 5s / enchimento da cisterna.

* calcolo fatto in laboratorio da 16 scarichi/giorno (4x4pers.) risparmio idrico 0,1l/s x 5s / riempimento della cassetta.

* berechnet im labor mit 16 spülungen/tag (4x4pers.) und wassereinsparung von 0,1l/s x 5s / spülkastenfüllung.
